BIOTENE® VETERINARIAN MAINTENANCE ORAL GEL

PKB

with Plaque Removing Enzymes

Enzymatic Formula for Supportive Oral Health

Soothes

Moisturizes

Protects

For Veterinary Use Only

Biotene Veterinarian “Brushless” Oral Care product line includes:

Therapeutic Mouthwash, Drinking Water Additive, Antiseptic Oral Gel (for severe oral conditions)

These products do not contain alcohol, antibiotics, Xylitol or chlorhexidine so are safe and gentle for everyday use.

Biotene Veterinarian Maintenance Oral Gel is the original “brushless” toothpaste. Contains natural enzymes that inhibit harmful odor-causing bacteria and help remove plaque. Gentle formulation relieves, soothes and protects mouth tissues against dryness, irritation, inflammation and redness. Should be used as part of your pet’s daily oral care program for prevention and maintenance.

INGREDIENTS: Hydrogenated Starch Hydroslate, Glyceryl Polymethacrylate, Sorbitol, Hydroxyethyl Cellulose, Beta-d-glucose, Lactoperoxidase, Lysozyme, Lactoferrin, Glucose Oxidase, Potassium Thiocyanate, Aloe Vera, Mutanase, Dextranase.

DIRECTIONS: Apply a 1/2" strip to upper and lower gums daily. Best if used in the morning, at night and after meals. For optimal oral health, use in conjunction with Biotene Veterinarian Therapeutic Mouth Spray and Drinking Water Additive.

NOTE: For more severe oral conditions associated with stomatitis, gingivitis and periodontal disease, ask your veterinarian about Biotene Veterinarian Antiseptic Oral Gel.
