CAT LAX®

Dechra

CONTAINS: Cod liver oil, caramel, lecithin, malt syrup, white petrolatum, 0.1% sodium benzoate, (preservative), 0.036 I.U./g Vitamin E (dl-alpha-tocopheryl Acetate) (antioxidant), purified water.

INDICATIONS FOR USE: A palatable formula for the elimination and prevention of hair balls in cats.

CAUTION: If condition persists or increases discontinue use and consult veterinarian. Keep container tightly closed. To avoid contamination do not touch tip of container to any surface. Replace cap after using. Please note cap/closure has tamper indicative feature. Do not use if previously opened.

DOSAGE AND ADMINISTRATION: Many cats will accept Cat Lax® readily. For finicky animals place a small amount on paw - cat will lick his paw and become accustomed to the pleasant taste.

For Hair Ball Removal: For average weight adult cats, administer once daily. Squeeze approximately one inch of Cat Lax® from tube. For smaller cats, vary amount accordingly.

For Prevention of Hair Ball Formation: Administer two or three times per week.

Your veterinarian may give specific directions for treatment, in which case follow veterinarian's instructions.

WARNING: For veterinary use only.

Keep out of reach of children.

Store at room temperature.

HOW SUPPLIED: 2 oz. Laminate flip top tubes. DVP NDC: 17033-084-27.
