Product Facts

Inactive Ingredients:

Fish oil, hydrolyzed vegetable protein, magnesium stearate, natural liver flavor, soybean oil, sucrose.

Cautions:

Safe use in pregnant animals or animals intended for breeding has not been proven.

Consult with your veterinarian before using this product in animals: with clotting disorders; being treated with anticoagulant medications; diabetes, or any metabolic disorder causing hyperglycemia; history of urinary tract stones; known allergies to shellfish.

If lameness worsens, discontinue use and contact your veterinarian.

Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset.

Recommended to help maintain healthy cartilage and joint function while managing inflammation.

DURALACTIN[®] Canine Joint Plus Soft Chew contains MicroLactin[®], a patented dried milk protein concentrate derived from hyperimmunized cows that contain factors that appear to block cytokines and inhibit neutrophil participation in the inflammatory response.*

DURALACTIN[®] Canine Joint Plus Soft Chew also contains Glucosamine HCl and MSM to support joint health and function.

DURALACTIN[®] Canine Joint Plus Soft Chew does not share the mechanism of action of any known drug and is not a cyclooxygenase (COX-1 or COX-2) inhibitor.

*Data on file.

Directions for Use:

Feed directly or give with food.

Weight of Dog	Dosage
< 40 lbs.	1 soft chew twice daily
40 - 80 lbs.	2 soft chews twice daily
81 - 120 lbs.	3 soft chews twice daily
> 120 lbs	4 soft chews twice daily

Warnings:

For use in dogs only.

Keep out of the reach of other animals and children. In case of accidental overdose, contact a health professional immediately.

Manufactured for: Veterinary Products Laboratories, P.O. Box 34820, Phoenix, AZ 85067-4820
