DURALACTIN® CANINE

V.P.L.

For Long Term Management of Chronic Inflammatory Conditions in Dogs

Product Facts

Active Ingredient per tablet:

MicroLactin® (dried milk protein)	1000 mg
-----------------------------------	---------

Inactive Ingredients:

Dextrose, magnesium stearate, stearic acid, vanilla flavoring.

Cautions:

If animal's condition worsens or does not improve, stop product administration and consult your veterinarian.

Recommended for long term management of chronic inflammatory conditions.

DURALACTIN® Canine contains MicroLactin®, a patented dried milk protein concentrate derived from hyperimmunized cows that contains factors that appear to block cytokines and inhibit neutrophil participation in the inflammatory response.*

DURALACTIN® Canine does not share the mechanism of action of any known drug and is not a cyclooxygenase (COX-1 or COX-2) inhibitor.

*Data on file.

Directions for Use:

Feed directly or give with food.

Weight of Dog	Dosage
<40 lbs.	1/2 tablet twice daily
40 - 80 lbs.	1 tablet twice daily
81 - 120 lbs.	1 1/2 tablets twice daily

Warnings:

For use in dogs only.

Keep out of the reach of other animals and children. In case of accidental overdose, contact a health professional immediately.

Manufactured for: Veterinary Products Laboratories, P.O. Box 34820, Phoenix, AZ 85067-4820
