DURALACTIN® FELINE CAPSULES

V.P.L.

For Long Term Management of Chronic Inflammatory Conditions in Cats

Product Facts

Active Ingredient per capsule:

MicroLactin® (dried milk protein)	200 mg
-----------------------------------	--------

Inactive Ingredients:

Magnesium stearate, microcrystalline cellulose, and silicon dioxide.

Cautions:

If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Some cats may be sensitive to milk proteins and/or carbohydrates. Should vomiting or diarrhea occur, please discontinue use and consult your veterinarian.

Recommended for long term management of chronic inflammatory conditions.

DURALACTIN® Feline contains MicroLactin®, a patented dried milk protein concentrate derived from hyperimmunized cows that contains factors that appear to block cytokines and inhibit neutrophil participation in the inflammatory response.*

DURALACTIN[®] Feline does not share the mechanism of action of any known drug and is not a cyclooxygenase (COX-1 or COX-2) inhibitor.

*Data on file.

Directions for Use:

Twist open the capsule and mix contents with food

Weight of Cat	Dosage
≤ 12 lbs.	1 capsule twice daily
> 12 lbs.	2 capsules AM 1 capsule PM

Warnings:

For use in cats only.

Keep out of the reach of other animals and children. In case of accidental overdose, contact a health professional immediately.

Manufactured for: Veterinary Products Laboratories, P.O. Box 34820, Phoenix, AZ 85067-4820
