Crude Fat (Min.)	8.00%
Crude Fiber (Max.)	1.0%
Moisture (Max.)	15%
Ash (Max.)	8.00%

**CAUTIONS**

An examination from a veterinarian is recommended prior to using this product.

**PRODUCT FACTS**

**For use in cats only.**

Enisyl-F Lysine treats are a palatable source of L-Lysine. Supplemental administration of L- Lysine has been shown to reduce the severity and duration of feline herpes virus infections. Additionally routine administration has been shown to reduce the incidence of flare-ups.

**DIRECTIONS FOR USE**

For routine administration: Give 5 treats a day - supplies 250mg L-Lysine

For flare-ups (active infections): Cats may receive up to 10 treats per day.

Speak to your veterinarian about our other lysine products that may be of help.

## **WARNINGS**

For animal use only.

Keep out of the reach of children and other animals. In case of accidental overdose, contact a health professional immediately.
