GLUTA-DMG EQ POWDER

Vetri-Science

FOR HORSES

Veterinarian Approved

National Animal Supplement Council

THE BENCHMARK OF QUALITY™

A Formula to Support Immune System Function, Endurance, and Muscle Recovery

Product Facts:

Active Ingredients Per 22.53 g Scoop:

GlutaSyn® Whey Protein Isolate	13,500 mg
N,N-Dimethylglycine HCl	750 mg

Inactive Ingredients:

apple flavor, dextrose, silicon dioxide.

Cautions:

Safe use in pregnant animals or animals intended for breeding has not been proven.

If animal's condition worsens or does not improve, stop product administration and consult your veterinarian.

For use in horses only.

Gluta-DMG EQ is a combination of two effective products, Gluta-Syn[®] and Dimethylglycine (DMG).

GlutaSyn^{®*} is an undenatured whey protein isolate that represents proprietary technology. It is a multi-patented product that supports normal immune system function and helps maintain liver function in the horse's body.

Vetri-Science[®] *Laboratories Dimethylglycine* is also a multi-patented product (3 U.S. Patents) in the area of immune response. Two clinically tested and multi-patented products in one synergistic formula, that's *Gluta-DMG EQ*.

Directions for Use: One scoop, twice daily, for the first month then drop back to one scoop daily. Horses under stress or with injury can stay on 2 scoops daily.

Warnings:

For animal use only.

Keep out of the reach of children and other animals. In case of accidental overdose, contact a health professional immediately.

This product should not be given to animals intended for human consumption.

This product is packaged by weight not by volume. Some settling may occur.

Store in a cool, dry place.

Keep container tightly closed.
