## OXIDERM +PS SHAMPOO

Sogeval

Shared solutions

Benzoyl Peroxide 3%, Sulfur 2%, Salicylic Acid 2%, Phytosphingosine 0.05%

**Antiseborrheic and Antiseptic Shampoo in a Moisturizing and Soap-free Cleansing Base.**

### CONTAINS PS

#### PhytoSphingosine

Restores the Lipid Barrier

**Ingredients:** Benzoyl Peroxide 3%, Sulfur 2%, Salicylic Acid 2%, Phytosphingosine HCl 0.05%.

**Properties:** Oxiderm +PS Shampoo is a powerful cleansing and degreasing shampoo for the relief of scaling and itching associated with skin infection, seborrheic disorders, and follicular plugging on dogs, cats, and horses. The combination of benzoyl peroxide, micronized sulfur and salicylic acid allows for degreasing, follicular flushing, and enhanced keratolytic and keratoplastic activity. The combination also has antiseptic (antibacterial and antifungal) properties. Phytosphingosine is a pro-ceramide to restore the skin barrier and helps in the long-term management of skin conditions. Phytosphingosine HCl also has antiseptic properties. Oxiderm +PS Shampoo is formulated in a citrus scented soap-free, lathering shampoo base with skin moisturizers for gentle cleaning and deodorizing, while effectively removing scales and oils from the coat.

**Directions for Use:** Shake well before use. Wet the hair coat with warm water. Apply and lather first on the affected area then apply and lather on the entire hair coat. Allow to remain on hair for 5 to 10 minutes then rinse thoroughly with clean water. Repeat if necessary. May be used 2 to 3 times per week or as directed by your veterinarian.

**Precautions:** For topical use in dogs, cats, and horses. Avoid contact with the eyes or mucous membranes. If contact occurs, rinse thoroughly with water and consult a veterinarian. If irritation develops, discontinue use and consult a veterinarian.

**Available Through Licensed Veterinarians Only**

May bleach colored fabrics.

**Storage:** Store at controlled room temperature.
