

PetFlex No Chew Bandage is a flexible, cohesive bandage with a bitter taste to help prevent chewing, biting and tearing of the bandage. PetFlex tears cleanly by hand, will not constrict, does not stick to skin or hair, and stays in place. It is stronger than the competition's bandages, yet it is still soft and comfortable enough to use on most pets. Petflex bandages offer with quick and easy application.

- Strong – 15 lbs tensile strength
- Controlled compression – will not constrict
- EasyTear patented technology – no scissors needed
- Sweat and water-resistant
- Conforms to any shape and maintains original size

Bitter bandages are safe for you and your pet, however may leave residue on your hands after use. Wearing gloves and washing hands thoroughly after application is recommended. NO CHEW PetFlex contains bitterants that have been tested on and found safe to use on domestic animals. Use PetFlex by itself or over other dressings to hold them in place and protect the dressings from dirt and moisture.

For small animal use.

**Available Sizes:** 2" x 5 yds, 3" x 5 yds, 4" x 5 yds
