

## **Petrodex Enzymatic Toothpaste - Poultry Flavor**

### **Cleans Teeth - Freshens Breath**

Sentry HC Enzymatic Toothpaste **is formulated specifically for dogs to keep teeth clean and fight bad breath. Hydrogen peroxide producing formula reduces plaque and tartar accumulation. Petrodex Toothpaste does not foam, so no need to rinse.**

#### Directions:

**Introducing your dog to the toothpaste is easy. Apply a small amount onto your finger and allow a taste. Next, apply a small amount onto a pet toothbrush or finger toothbrush. Gently pull the lips and cheeks up and begin brushing with short, back-and-forth strokes at the gumline. Brush only a few teeth the first time. Giving lots of praise during the process goes a long way.**

**Avoid using human toothpaste on your pet.**

#### Ingredients:

**Sorbital, Dicalcium Phosphate, Water, Hydrated Silica, Glycerin, Poultry Digest, Dextrose, Xanthan Gum, Acidified Calcium Sulfate, Disodium Phosphate, Potassium Sorbate, Citric Acid, Sodium Benzoate, Aspergillus Niger Fermentation Extract**
