## PHYTOVET CK ANTISEPTIC SHAMPOO

Butler Schein™ Animal Health

### **Chlorhexidine 2%, Ketoconazole 1%, Phytosphingosine 0.05%**

Antiseptic shampoo in a synergistic base that offers deep cleansing and deodorizing properties for dogs, cats and horses.

Helps restore the dermal lipid barrier to prevent further damage to the skin.

FOR VETERINARY USE ONLY

KEEP OUT OF THE REACH FROM CHILDREN

**Active Ingredients:** Chlorhexidine Gluconate 2%, Ketoconazole 1% and Phytosphingosine-salicyloyl 0.05%.

**Properties:** PhytoVet CK Antiseptic Shampoo is a unique antibacterial and antifungal shampoo which also helps in restoring the skin barrier for optimal therapeutic effect. This pleasantly-scented antiseptic shampoo is for use on dermatological conditions responsive to chlorhexidine and ketoconazole. PhytoVet CK Antiseptic Shampoo contains Phytosphingosine, a pro-ceramide with anti-inflammatory properties that helps restore the dermal lipid barrier to aid in the long term management of skin disorders. The soap-free formulation effectively cleanses and deodorizes the hair coat in dogs, cats, and horses.

**Directions for Use:** Shake well before use. Wet the hair coat with warm water and apply a sufficient amount of shampoo to create a rich lather. Massage shampoo into wet hair coat, lather freely. Rinse and repeat. Allow to remain on hair for 5 to 10 minutes, then rinse thoroughly with clean water. May be used initially 2 to 3 times a week for 4 weeks, then reducing to once a week, or as directed by your veterinarian.

**Precautions:** Keep out of reach of children. Wash hands after use. For animal use only. For external use only. Avoid contact with eyes or mucous membranes. Not for otic use. If undue skin irritation develops or increases, discontinue use and consult a veterinarian. Do not swallow.

**Storage:** Store at controlled room temperature.
