

Dietary Considerations

Purina Veterinary Diets® Lite Snackers® brand Canine Treats have been formulated to achieve the following characteristics:

- Low calorie content
- Low fat
- High fiber
- Exceptional palatability
- Stay-fresh pouch
- Helps clean teeth and freshen breath

Feeding and Administration

The following feeding program is recommended as a guideline only, with discretionary clinical adjustments for proper weight maintenance.

USE ONLY AS DIRECTED BY YOUR VETERINARIAN.

Purina Veterinary Diets Lite Snackers Canine Treats are intended for intermittent or supplemental feeding only, as part of a veterinary-supervised weight loss program. These biscuits are a low-calorie snack and should not be fed as a main meal or as a substitute for a complete and balanced dog food. These high-quality biscuits are part of the Purina Veterinary Diets OM Canine Formula Weight Management Program and are authorized for sale only by veterinarians.

Purina Veterinary Diets are authorized for prescription and sale only by veterinarians.
