V.E.T. PHARMACEUTICALS VITAMIN-K1 CHEWABLE 50 MG

Vet Brands

Chewable Vitamin K-1 supplement tablets for dogs and cats

KEEP THIS AND ALL OTHER MEDICATIONS OUT OF THE REACH OF CHILDREN

Phytonadione (Vitamin K-1) 50 mg Chewable Tablets

Guaranteed Analysis per Chewable Tablet:

1000mg

Protein	7.0% Min.
Fat	0.1% Min.
Fiber	25.0% Max.
Moisture	10.0% Max.
Phytonadione (Vitamin K-1)	50 mg

Ingredients: Phytonadione (Vitamin K-1), Whey, Sucrose, Cellulose, Liver Powder, Hydrolyzed Vegetable Protein, Stearic Acid, Silicon Dioxide, Magnesium Stearate, and Iron Oxide.

Recommended Use: For use in dogs and cats only as a supplement in instances of ingestion of coumarin based compounds found in commercial rodenticides. 2.5 to 5 mg/kg body weight (1 tablet per 22 lbs. for higher dosages) once a day for up to three (3) weeks or as determined by a veterinarian.

Precautions: Use only as directed by a veterinarian. Always consult with a veterinarian before use. Phytonadione will not counteract the anticoagulant action of heparin. Failure to respond to Vitamin K-1 may

indicate that the condition being supplemented is inherently unresponsive to Vitamin K-1. Temporary resistance to prothrombin-depressing anticoagulants may result when larger doses of Vitamin K-1 are used.

Store at controlled room temperature 15°-30°C (59°-86°F)

For use in Dogs and Cats only.

For animal use only.

Not for human use.

Manufactured in the USA, for **Vet Brands International, Inc.**, 10467 N. Commerce Parkway, Miramar, FL 33025
