VETERICYN® WOUND & INFECTION TREATMENT FOR CATS

Innovacyn

Use to treat or prevent:

Viruses -Fungi - Spores - Bacteria

Clean - Treat - Heal

Formula Based on FDA-Cleared Microcyn® Technology

WITH REVOLUTIONARY MICROCYN® TECHNOLOGY

One-step topical spray that cleans wounds, treats infection and kills bacteria including antibiotic-resistant MRSA. Use to treat hot spots, bites, cuts, outer ear infections, yeast infections and rashes. Vetericyn is formulated so that it is gentle enough for the specific sensitivities of cats. This steroid-free, antibiotic-free, no-rinse solution is non-toxic and speeds healing. Made with Microcyn® Technology, Vetericyn® Wound and Infection Treatment is based on the same FDA-cleared Microcyn® Technology that has been used to treat over one million humans worldwide without a single serious adverse effect. This revolutionary antimicrobial wound treatment kills antibiotic-resistant strains of bacteria as well as fungi, viruses and spores. An oxychlorine compound similar to that produced by the animal's own immune system, Vetericyn will not harm healthy tissue. Being pH neutral, it should not sting when applied. **Tests free for competitive animals.**

Indications: For management, treatment regimen & acceleration of healing process of traumatic wounds, cuts, abrasions, skin irritations, skin ulcers, post surgical incision sites, burns, scratches, rashes, chronic inflammation, wound odors. In solution this product kills 99.9999% of bacteria, single-cell organisms and fungi making it ideal for prevention & control of infections & maintenance of sanitary conditions by killing bacteria such as E. coli, Salmonella, Staph (MRSA), Strep, Moraxella bovis, Pasteurella & Actinomyces. Safe for use around mouth, nose and eyes.

Directions for use: Move excess hair from wound area. Clip if necessary. Apply Vetericyn liberally on the wound to clean, treat infections and promote healing. If dressing is required, apply Vetericyn liberally to dressing. Apply dressing to wound. Repeat up to 3 times per day. If dressing is necessary, apply at each

dressing change until wound is healed. No rinsing necessary. Skin may “pinken” after application due to increased blood flow to wound site which will help speed healing.

Use Precautions: For external use only. Discontinue use if irritation develops and contact your veterinarian. For animal use only. Keep out of reach of children. Not for injection. Always consult with a Veterinarian for systemic conditions.

Storage: Store at room temperature away from direct sunlight and heat. **Do not freeze.** After use seal or close dispenser.

Stability: See label for date of expiration.

Disposal: No special disposal requirements. Vetericyn will not harm environment and is 100% biodegradable.

Ingredients: Electrolyzed Water (H₂O) (99.97%), Sodium Chloride (NaCl) (0.023%), Sodium Hypochlorite (NaOCl) (0.005%), & Hypochlorous Acid (HOCl) (0.0035%)
